

PS Vietnam 2009 and HVACR Vietnam 2009
The Leading International Industrial Exhibitions in Vietnam

POST SHOW REPORT

The latest technologies were showcased at the 7th edition of PS Vietnam 2009, the international exhibition on fluid, air and gas handling systems in Vietnam and the 6th staging of HVACR Vietnam 2009, the leading international exhibition on heating, ventilation, air-conditioning, refrigeration, air-filtration and purifications systems on **31 March – 2 April 2009** at the Saigon Exhibition and Convention Centre (SECC). The events concluded with resounding success with 100 exhibitors and represented companies from 15 countries and areas including Australia, China, France, Germany, Netherlands, India, Korea, Malaysia, Singapore, Sweden, Taiwan, Thailand, UK, USA and Vietnam.

The event was officially opened by Mr. Nguyen Thanh Bien, Vice Minister from the Ministry of Industry & Trade, Vietnam and attended by various distinguished guests from government organisations, associations, trade consulates, exhibitors, VIP guests, key buyers and media.

The 3 day exhibition attracted some 3398 quality visitors with 11 % coming from overseas, many of whom are leaders in their respective industries.

Held alongside the exhibition is the knowledge sharing technical seminars, the comprehensive site tour, the spectacular product parade show and the exhibitor night party.

“With the positive feedback from exhibitors and visitors, we strongly believed that PS Vietnam 2009, together with HVACR Vietnam 2009 will continue to anchor as Vietnam’s leading international industrial exhibitions where buyers and sellers meet,” stated Mr David Chow, Group Exhibitions Director of IIR Exhibitions.

Ministry of Planning & Investment, Vietnam

PS Vietnam 2009 and HVACR Vietnam 2009 The Leading International Industrial Exhibitions in Vietnam

POST SHOW REPORT

About the Market

Vietnam is one of the fastest developing countries with its economy surging ahead and driven by massive industrialisation. Despite the global economics slowdown, the country is still growing strong as reflected in the expansion of industrial park projects like the Vietnam-Singapore Industrial Park (VSIP) due to high demand. Even in the current slump, things are on track for the basic infrastructure of a third industrial park in Bac Ninh province, near the capital Hanoi, to be completed later this year. Construction of a fourth park will begin in the coming months in the northern city of Haiphong. The economic outlook continues to excel, blessed with the 2020 government's vision to develop the industrial sector to be globally competitive. PS Vietnam 2009 and HVACR Vietnam 2009 support the Vietnamese government's vision of strengthening Vietnam's position in the region and is timely organised to cater to the high demand for industrial equipments resulting from Vietnam's rapid growth.

About the Event

Process Systems (PS) and HVAC show cluster series started with Asia since 1992 and 1996 respectively in Singapore and its country series has been held in China, India, Indonesia and Vietnam. The PS series portfolio covers Pumps and Systems, Valves and Piping, Compressors and Systems Vietnam and Fluid Power. The HVAC series covers Heating, Ventilation and Air-Conditioning. PS and HVAC shows are UFI-awarded events with proven track records of delivering quality visitors and over 20% of foreign visitors and have enjoyed tremendous support from key industry organisations, government and associations.

About the Organiser

IIR-Institute for International Research, established since 1973, is part of Informa Plc, the world's leading international provider of specialist information and services for the academic and scientific, professional and commercial business communities via publishing, events and performance improvement. - Filtration Products
- Clean Room Equipment
- Humidifiers/Dehumidifiers
- Sheet Metal Machineries

"We are more than happy with PS Vietnam 2009 which has surpassed our aim of stabling our Name into the Vietnamese market."

**Mr Chris Gwalchmai,
 International Sales Manager,
 Netzsch (Lanzhou) Pumps Co. Ltd**

"Our goal with participating in HVACR Vietnam 2009 was to promote and find more customers in Vietnam for our Östberg Inline duct fans & Energy recovery units and Enventus Energy recovery wheels. This exhibition has been well arranged and we have had a lot of very interested visitors and potential new customers. I am sure that this will result in more business for us in Vietnam."

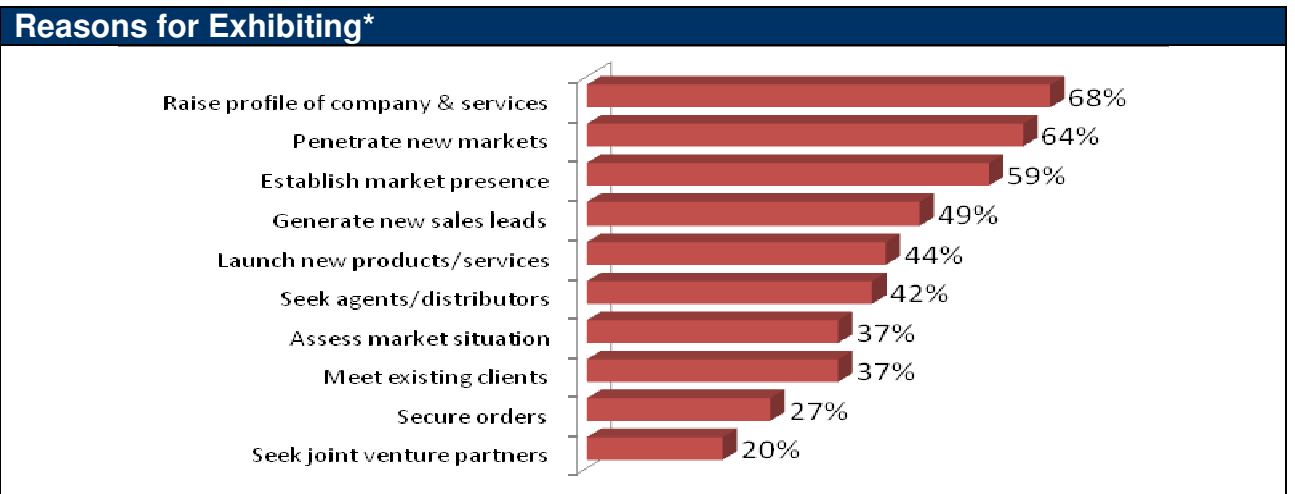

Mr Olov Åkerlund, CEO, Östberg Group AB

POST SHOW REPORT

Exciting Show Activities

The knowledge sharing **Technical Seminars** focusing on topics like Fan Selection & Installation, System Effect, Water Treatment Flows in Refineries, A Modern Approach (Emissions and VOC control) and Solutions for Efficient Predictive Maintenance in Compression Technology received overwhelming responses. Many attendees benefited from the latest updates and advice from leading industry experts.

The **Site Tour** was comprehensive with a 4 hours visit to the Vietnam Singapore Industrial Park (VSIP), an integrated industrial township with separately zoned industrial, commercial and residential areas and detailed presentation by Sembcorp Parks Management.

The spectacular **Product Parade Show** was a special highlight to this year's event which generated much interest and excitement with models showcasing the latest products displayed at the event giving added value to exhibitors participating at the trade fair.

Exhibitor Night Party is a fun and lively gathering of exhibitors, industry professionals, VIPs and regional buyers with abundant networking opportunities.

With the Overwhelming Response of the 2009 Show, the Space Booking will go FAST!
